

# Defend Your Data with Stylish Design

## AC533 USB 3.2 Gen 1 Portable Hard Drive

### Dual Rubber Grips for Greater Security

The AC533's dual rubber grips provide safety protection for the exterior, slow down impact force, and reduce the risk of hard disk damage, allowing users to feel secure while carrying their drive in the real world.

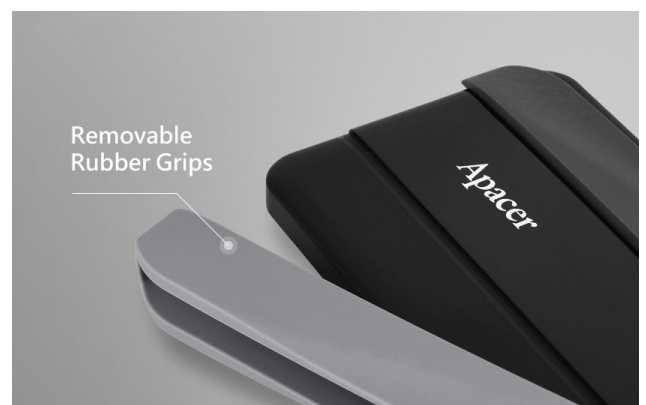

### Express Yourself Through Color

The AC533 USB 3.2 Gen 1 portable hard drive comes in three eye-catching colors: garnet red, vibrant blue, and jet black. Choose the one that matches your style!

### Get Even More Streamlined

Users can quickly and easily remove and replace the rubber grips as needed. This gives the AC533 greater flexibility and allows it to fit in a smaller space if necessary.

## Up to 5TB Capacity

The large capacity models of AC633 offer up to 5TB storage, for your massive storage demand, such as carrying large files, watching HD movies, or browsing photo collections on the go.

## Dual-color LED Light Shows Current Status

The AC533 USB 3.2 Gen 1 portable hard drive is backwards compatible with the USB 2.0 standard interface. The dual-color LED lights show the USB 3.0 (blue) or USB 2.0 (red) transmission status respectively, clearly identifying the drive's current mode of operation. Users can determine the status from a single glance

## Passed 10K Times Plug/Unplug Test

AC533 adopts durable USB Type-A female connector which has passed the 10,000 times plug/unplug test, providing safety guarantee for users.
